

MICRO-OPTICS IS...

Phabulous

Entry point for micro-optics in Europe

Introduction

Jessica van Heck

Chief Operating Officer

MICRO-OPTICS IS...

Phabulops

Application Expert

- Smaller, lighter devices
- Improved energy efficiency
- Sharper, clearer imaging
- Seamless integration
- Affordable, scalable manufacturing

Application Expert

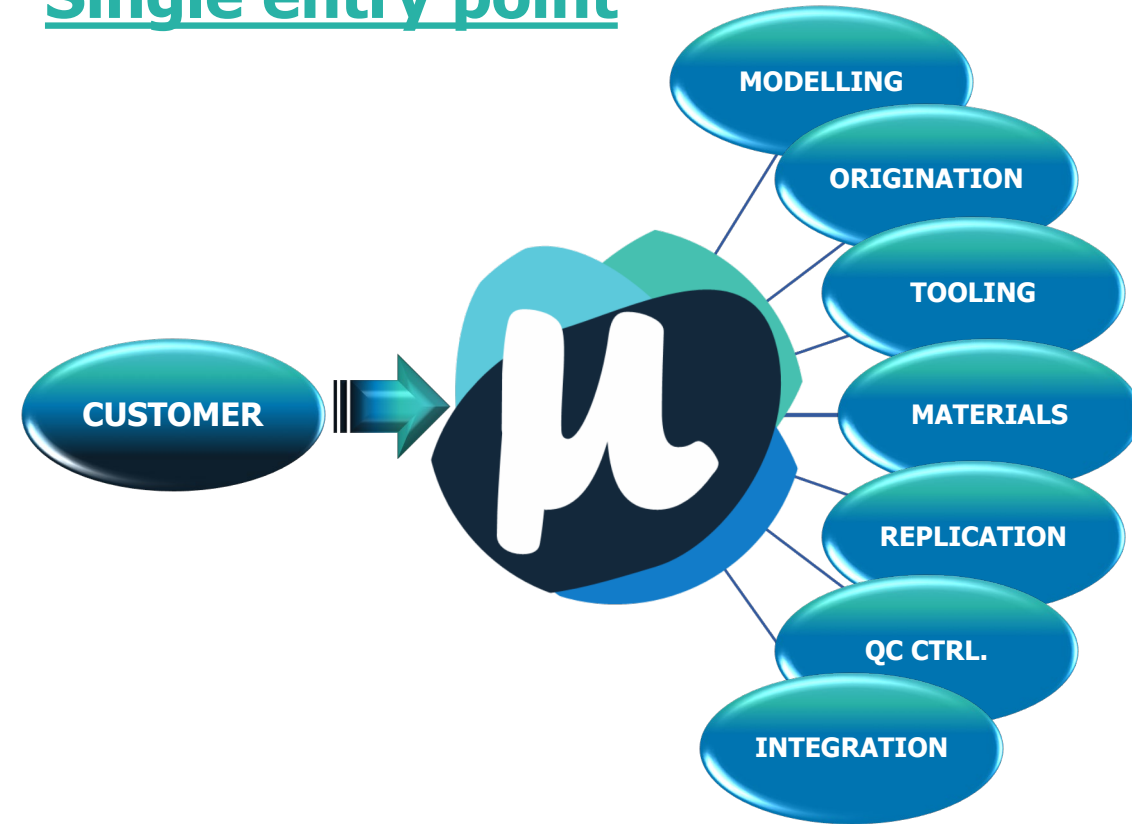

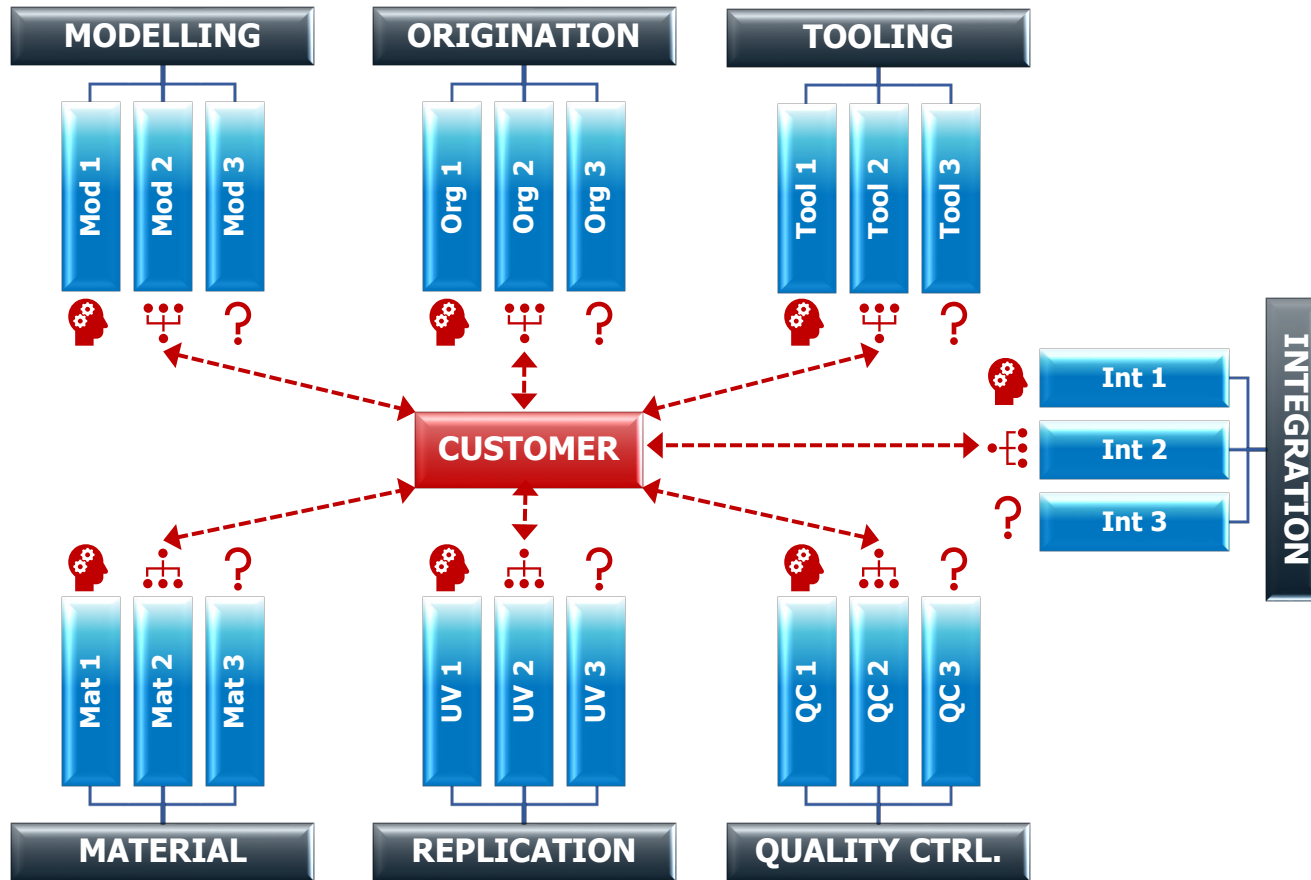

- Different manufacturing methods
- Scattered supply chain
- Limited in-house expertise
- Compatibility with existing systems
- Rapidly evolving technologies

MICRO-OPTICS IS...

Phabulous

Single entry point

Technology Expert

- Know various fabrication methods
- Understanding of design constraints and material properties
- Established Partnerships
- In-house capabilities
- Focus on customization
